European Competence Mapping

February 2007

Authors

Jutta Rasp, FPDDisplays @ FPExperts

Bill Letcher, Swedish LCD Center

Uwe Behringer, SEMI

Eric Maiser, VDMA, German Flat Panel Display Forum (DFF)

Editor

Eric Maiser, VDMA, German Flat Panel Display Forum (DFF)

This report is part of the ADRIA project
funded under the IST priority
within the 6th Framework Programme
of the European Commission

For more information about the project
please visit: <http://www.adria-network.org>

Compilation

delivered by FPDDisplays @ FPExperts
for VDMA, German Flat Panel Display Forum (DFF)

Research Activities

delivered by Swedish LCD Center

Industrial Capabilities (Products and Services)

delivered by FPDDisplays @ FPExperts
for VDMA, German Flat Panel Display Forum (DFF)

Market Data

delivered by Semiconductors Equipment and Materials (SEMI)
and MEKO Ltd.

Table of Contents

1	Executive Summary	7
2	Introduction	9
2.1	The competence mapping web-service and searchable database	10
2.2	A little history of advanced display technology in Europe	11
2.2.1	Europe is a major customer of displays.....	11
2.2.2	Europe is a major supplier to the FPD industry.....	12
2.2.3	Invented in Europe.....	13
2.2.4	Production in Europe	13
2.3	Advanced displays and organic electronics	15
3	European Research Activities Mapping Report.....	19
3.1	Executive Summary	20
3.2	Background	22
3.3	adria Competence Mapping – Countries and Technology.....	23
3.3.1	Participating Countries	23
3.3.2	Focused Technologies, Products and Expertise	25
3.3.3	Higher Education – Registered Activities	27
3.3.4	Research Organization - Registered Activities.....	37
3.3.5	Industrial Organization – Registered Activities.....	47
3.4	EU Research Environment for Flat Panel Displays	58
3.4.1	European Countries.....	58
3.4.2	European Universities – Higher Education: An Example	70
3.4.3	European Institutions – Research Organizations: An Example	70
3.4.4	European Industry – Industrial Organisations: An Example.....	71
3.4.5	EU-Funded Projects	71
3.4.6	Comparison with Global Activities – Asia and North America.....	75
3.5	EU Market Needs for Innovation versa Research Activity	77
3.5.1	Demands from different applications.....	77
3.5.2	Review of Application Telecommunication	78
3.5.3	Review of Application Entertainment.....	81
3.6	EU Flat Panel Display Research Competence	84
3.6.1	Materials	84
3.6.2	Equipment and Process Technology.....	87
3.6.3	Displays	89
3.6.4	Consultancy	90
3.7	Conclusion	90
3.8	References.....	90
3.9	Acknowledgement	91
3.10	Glossary.....	91
3.11	The importance of the link between research and industry: an example.....	92
4	European Industrial Capabilities Mapping Report.....	93
4.1	Executive Summary	94
4.2	Methodology.....	95
4.3	adria Industrial Capabilities Mapping – Countries and Technologies	96
4.3.1	Participating Countries	96
4.3.2	Registrations by Technology	97
4.4	EU Industrial Environment for Flat Panel Displays by Technology	99
4.4.1	European Countries’ Activity Overview	99
4.4.2	Liquid Crystal Displays - LCD.....	100
4.4.3	Light Emitting Diodes – LED.....	107

4.4.4	Organic Light Emitting Diode – OLED	110
4.4.5	Electroluminescent Display - EL	114
4.4.6	Cathode Ray Tube - CRT	117
4.4.7	Field Emission Display - FED	121
4.4.8	Plasma Display Panel - PDP	123
4.4.9	Electronic Paper – E-Paper	126
4.4.10	Vacuum Fluorescent Display - VFD	129
4.4.11	Addressing Modes	131
4.4.12	Micro-electromechanical Systems - MEMS.....	134
4.5	Industrial Environment for Advanced Displays – Manufacturing Aspects ...	137
4.5.1	Materials, Components and Processes.....	137
4.5.2	Manufacturing Equipment and Facilities	143
4.5.3	Metrology and Test Equipment, Process Control.....	147
4.5.4	Other	149
4.6	Industrial Environment for Advanced Display Features	150
4.6.1	High Resolution	151
4.6.2	High Brightness	152
4.6.3	Sunlight Readability.....	154
4.6.4	Fast Response.....	156
4.6.5	Full Color	156
4.6.6	Bistable	158
4.6.7	Three-Dimensional Viewing – 3D	159
4.6.8	Optical Mode of Operation.....	160
4.6.9	Geometry	163
4.6.10	Cost	166
4.6.11	Lightweight.....	166
4.6.12	Power Consumption	167
4.6.13	Ruggedized.....	168
4.6.14	Viewing Mode	169
4.6.15	Lifetime	172
4.7	Industrial Competence for different Applications	174
4.7.1	Automotive.....	174
4.7.2	Avionics	177
4.7.3	Sea and Railbased Transportation	180
4.7.4	Machinery, Equipment, Facilities.....	184
4.7.5	Public Information and Advertising.....	187
4.7.6	Telecommunications.....	190
4.7.7	Information Technology, Computing.....	194
4.7.8	Medical Diagnostics and Equipment	197
4.7.9	Domestic and Household	200
4.7.10	Entertainment (Movies, Television, Video, Photography, Games).....	202
4.7.11	Architecture.....	208
4.7.12	Building Services Engineering, Facility Management, Security Systems	209
4.7.13	Other	212
4.8	adria Industrial Capabilities Mapping – Industrial Activity vs Market.....	213
4.8.1	Automotive displays.....	213
4.8.2	Telecommunications / Mobile Phone market	217
4.8.3	Entertainment / TV-Set Market	220
4.8.4	The recent case of LCD assembly in Europe for TVs	222
4.9	Innovation Needs vs Industrial Activities	227
4.9.1	Demands from the Different Applications	227
4.10	Strategic Opportunities for the Advanced Displays Community	229
4.10.1	Assembly and Display Production in Europe	229
4.10.2	Printed and Organic Electronics offer chances	229
4.10.3	More strategic options in the vision paper	229
4.11	adria Industrial Capabilities Mapping – all profiles	230
4.11.1	All Entries from Higher Education.....	230

4.11.2	All Entries from Research Organisations	231
4.11.3	All Entries from Industrial Organisations	231
4.11.4	All Entries from Consultancies.....	240
4.11.5	All Entries from Associations	240
4.12	Conclusion	241
4.13	References.....	242
4.14	Acknowledgements	242
4.15	Glossary.....	243
4.16	From European to Worldwide Perspective.....	244
5	Report on Advanced Displays Markets in a Global Context.....	245
5.1	Remarks.....	246
5.2	Introduction	246
5.3	Worldwide Displays Market for Monitors, Notebooks and other Displays for the mobile Communication its Growth, its Technologies and its Forecast.....	248
5.3.1	Global FPD Market Value Forecast.....	248
5.4	Monitor Displays Market	251
5.4.1	Monitor Display Market Volume Forecast by a-Si TFT-LCD Panel Size	251
5.5	Notebook Display Market	252
5.5.1	Notebook Display Market Volume Forecast by Panel Size	253
5.6	User of the Mobile Displays	253
5.7	The FPD Market in the Asian Region	254
5.7.1	TFT-LCD Display Glass Production in the Asian Region	254
5.7.2	Panel Size.....	255
5.8	Market Information from the point of View of China	256
5.8.1	Executive Summary.....	256
5.8.2	Chinese-owned TFT-LCD Fabs.....	256
5.8.3	Future TFT-LCD Manufacturing Plants in China	257
5.9	Fabrication Investment.....	257
5.9.1	TFT-LCD Manufacturing Investment	257
5.9.2	TFT-LCD Components and Material Cost Breakdown.....	258
5.10	Europe.....	258
5.11	Conclusions	259
6	Overall Conclusions.....	261
7	Acknowledgements.....	261
